The background of the image is a photograph of a sailboat on a body of water under a clear blue sky. The sailboat is on the left side, with its white sails partially visible. The text 'Swan on the Rideau' is written in a large, golden, rope-like cursive font across the top half of the image.

Swan on the Rideau

Welcome to the Swan on the Rideau, our English style pub and restaurant. Built in the late 1960s by the Bond family as a manor for the marina, the Swan's authentic post and beam construction is a replication of original buildings in England. The beams and timbers are over 100 years old, even though the building is just approaching it's 50th birthday. The Swan on the Rideau functioned for it's first 15 years as the Rideau Manor. It was converted in 1987 to the wellknown pub it is today. Over the years, we have varied our stock of house ales, wines and spirits, as well as adjusted our menu to accommodate the changing times and preferences of our guests. It is our hope that you enjoy your visit with us and the fare we have to offer. We take great pride in serving dishes prepared individually, with thought and care for their quality and quantity.

While you are here, please visit our upstairs riverview dining and banquet facilities.
